ALLOWANCE

Response to Amendment

1. Applicant's amendment was received on 1/19/06, and has been entered and made of record.

Allowable Subject Matter

2. **Claims 1-14, 22-27, 31, 32 and 34-38** are allowed. These claims will be renumbered as 1-27.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or suggest an image processing method comprising:

buffering the image data temporarily in a buffer before storing, said buffer including a first buffer and a second buffer;

causing a DMA transfer request when a storage capacity of at least one of said first and second buffers occupied by the image data reaches a predetermined preset value; and

transferring the image data within said buffer by a DMA transfer over a DMA transfer line based on the DMA transfer request, wherein said transferring depends on a preset priority order when two DMA transfer requests for the image data in the first and second buffers are received simultaneously.

Some of the prior art related to the image processing method

As presented in the previous Office Action dated 10/19/05, the most relevant prior art Hikawa (U.S. Patent No. 6,678,065) and Imamura (U.S. Patent No. 5,963,717) teach an image processing method comprising:

buffering the image data temporarily in a buffer before storing;
causing a DMA transfer request when a storage capacity of said buffer occupied by the image data reaches a predetermined preset value; and
transferring the image data within said buffer by a DMA transfer based on the DMA transfer request.

However, the combination fails to teach the claimed transferring of image data depending on a preset priority order, when two DMA transfer requests for the image data in the first and second buffers are received simultaneously.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
